

## ISSUE WORK PERMITS

Access Unlimited is a Registered Training Organisation (Provider No: 51806) under the Australian Quality Training Framework. Our one day Issue Work Permits course includes the following units of competencies: **MSAPMPER300C Issue work permits and RIIRIS201A Conduct local risk control (these units are clustered to provide a complete work task).**

This one day course is designed for personnel who issue work permits to understand the permit system, know the limitations of each permit and make decisions regarding the need for and correct use of each permit. This competency unit includes the issue of any and all permits. It applies to the issuing of permits covering a single plant or plant area such as might be an operators scope of responsibility.

### Course Cost for One Day Course

Individual: \$300

Company Group: \$2100 for a group of 7 to 10 participants

Note: GST does not apply to nationally recognised training.

### Course Logistics

Number of Participants: Minimum 4 - Maximum 10

Duration: 1 Day (8 hrs)

Equipment: Can be supplied by Access Unlimited

Meals: Lunch provided (only on our premises)

Successful completion of course will lead to the issue of a Statement of Attainment in MSAPMPER205B Enter confined space, MSAPMPER200B Work in accordance with an issued work permit and MSAPMOHS217A Gas test atmospheres.

### Topics Covered

This competency applies to personnel who are required to issue appropriate permits to work to persons conducting a variety of activities in workplace environments in which hazards exist or specific procedures need to be followed and monitored to protect the safety of personnel and the integrity of plant or process. Conduct of local risk control in resources and infrastructure industries. It includes identifying hazards; assessing risk and identifying unacceptable risk; identifying, assessing and implementing risk treatments; and completing records and reports.

This competency covers the issue of any and all work permits. Permits are called clearances by some organisations. The types of permit include:

- Working at heights
- Confined space
- Hot work
- Increased hazard
- Electrical
- Excavation
- Vehicle entry
- Cold work
- Minor repairs
- Other relevant permits

We can deliver on-site (subject to appropriate training facilities being available) or at our first class training facility located in Osborne Park, Western Australia.
